

About Our Naming Opportunities

Boys Town Nevada has been a leader in the care of children and families in Southern Nevada since its founding in 1991. Each year, our programs directly serve over 2,000 kids and families, and impact over 13,000 more.

Boys Town began providing a variety of services and programs in Southern Nevada 30 years ago. Over the years, services and programs have shifted to focus on prevention and early intervention, maximizing our impact in the community and working to address behavioral challenges early on in a child's life. In 2017, The Boys Town Behavioral Health Clinic opened its doors in Las Vegas, adding a much needed mental health component to our program areas. Our licensed psychologists offer outpatient services to families with children of all ages (infancy to 22) who are experiencing social/emotional, academic or behavioral concerns.

In 2021, our 30th anniversary year, Boys Town Nevada has launched anniversary naming opportunities as part of our Initiative for Change campaign. As the need for our programs continues to increase amidst the pandemic, we are expanding services in both our behavioral and mental health service areas. Your gift will support that expansion, allowing us to impact even more children and families, all while helping to solidify your legacy, or the legacy of a loved one, in our community.

YOUR GIFT MAKES AN IMPACT

With naming opportunities ranging from \$1,000 to \$250,000, you, your family or your company can make a gift that's impact will be felt for years to come. A gift to our Behavioral Health Clinic will directly support the work we do with children and families to address issues identified early on in treatment, preventing the need for higher and more costly intervention in the future. An opportunity at our main building will support the behavioral health work Boys Town Nevada does out in our community, working with thousands of students in local schools and hundreds of families in their own homes.

Your gift will make a difference!

our mission

Changing the way America cares for children and families.

BOYS TOWN NEVADA

ANNIVERSARY NAMING OPPORTUNITIES

1991 - 2021

CREATING AN Oasis

IN A BEHAVIORAL AND MENTAL HEALTH DESERT

Las Vegas is an amazing city with much to offer, but accessible behavioral and mental health services hasn't always made the list. In the midst of a global pandemic, these services are desperately needed by our struggling youth and families. With children having been out of the classroom for over year, and a shortage of mental health professionals to meet the growing demand, Boys Town Nevada's services are needed now more than ever.

NAMING OPPORTUNITIES

Secure your legacy in southern Nevada by taking advantage of a Boys Town Nevada naming opportunity, where you can push the needle on expanding and improving much-needed services for our community's children and families who need them most. What will your legacy be?
